

IN THE CLAIMS:

Please cancel claims 10 and 12 and amend claims 5, 8, and 13-14 as follows:

1. (Canceled)
2. (Canceled)
3. (Canceled)
4. (Canceled)
5. (Currently Amended) A hollow panel comprising:
first hollow portions arranged in a substantially same plane and having a first width; and
second hollow portions arranged in the substantially same plane and having a second
width different from the first width, wherein a flat outer side portion of the hollow panel and
partition walls [[of]] between the first hollow portions and the second hollow portions are made
of [[like]] same material of wood elements.
6. (Canceled)
7. (Canceled)
8. (Currently Amended) A hollow panel comprising: ~~The hollow panel according to claim~~
5
first hollow portions arranged in a substantially same plane and having a first width; and
second hollow portions arranged in the substantially same plane and having a second
width different from the first width, wherein
a solid portion forming member is disposed at a part of the first and second hollow
portions, the solid portion forming member having a section shape which substantially
corresponds to a section shape of the part of the first and second hollow portions, and the hollow
panel includes at least one of the first hollow portions and at least one of the second hollow

portions into which the solid portion forming member is not inserted.

9. (Canceled)

10. (Canceled)

11. (Canceled)

12. (Canceled)

13. (Currently Amended) A hollow panel comprising:

first hollow portions arranged in a substantially same plane and having first sectional areas; and

second hollow portions arranged in the substantially same plane and having second sectional areas different from the first sectional areas, wherein a solid portion forming member is disposed at some, ~~but less than all~~ of the first and second hollow portions, the solid portion forming member having a section shape which substantially corresponds to a section shape of a [[the]] part of the first and second hollow portions, and the hollow panel includes at least one of the first hollow portions and at least one of the second hollow portions into which the solid portion forming member is not inserted.

14. (Currently Amended) A hollow panel comprising:

first hollow portions arranged in a substantially same plane and having a first width; and

second hollow portions arranged in the substantially same plane and having a second width different from the first width, wherein a solid portion forming member is inserted into some, ~~but less than all~~ of the first and second hollow portions, the solid portion forming member having a section shape which substantially corresponds to a section shape of the part of the first and second hollow portions, and the hollow panel includes at least one of the first hollow portions and at least one of the second hollow portions into which the solid portion forming

member is not inserted.
